2 Department of Psychology, Chinese University of Hong Kong, Hong Kong, China

ICPEAL 2025 will be held in Guangzhou, the third largest city in China. Guangzhou is the starting point of the Sea Silk Road and now it is one of the most developed cities in China. You could wander among the historical sites of the ancient Southern Yue Dynasty dating back to 203 B.C., experience the beautiful night cruise trip on Pearl River, and enjoy the varieties of food both domestic and overseas. Cantonese food, one of the eight major culinary schools of food in China, is deeply rooted in Guangzhou's history and it is an inseparable part of its culture and people. Here you will encounter innovative modernity and ancient traditions of China, as well as welcoming Chinese hospitality. We think you will enjoy the social and cultural activities during the conference.
